AMB ADVISORY SERVICES

Project Ridgeline

Confidential Information Memorandum

September 2026

Strictly private and confidential. Prepared by AMB Advisory Services LLC for recipients who have executed a confidentiality agreement with AMB Advisory.

Ridgeline reached $3.04M of revenue in FY2025, a 12.4% three-year CAGR, with Adj. EBITDA of $453K (14.9% margin)

Overview. Ridgeline Comfort Services LLC ("Ridgeline" or the "Company") is a residential and light-commercial HVAC and plumbing contractor based in Columbus, Ohio, serving Franklin, Delaware and Licking counties within about a 35-mile radius. Mark Delaney founded the Company in 2009 after 12 years as a lead technician at a regional HVAC contractor, and added plumbing service in 2019. Ridgeline employs 24 people, including 14 service technicians and 4 installers, and runs 18 service vans and 2 install trucks from an 8,000 sq ft leased shop. FY2025 revenue of $3.04M was 64% residential service and replacement, 27% commercial and 9% maintenance agreements, which cover 1,450 members renewing at about 82% (1). The Company has been a Carrier Factory Authorized Dealer since 2015 and holds a 4.8 Google rating from more than 900 reviews (1). Ridgeline is an S-Corp wholly owned by Mr. Delaney, who is retiring.

Financial record. Revenue grew from $2.41M in FY2023 to $3.04M in FY2025, a 12.4% CAGR, while gross margin held between 61.0% and 61.9%. Reported EBITDA doubled from $157K to $316K over the same period because other operating expenses grew 7.6% in FY2025 against revenue growth of 11.9%. Adj. EBITDA of $453K in FY2025 (14.9% margin) reflects $105K of owner compensation above a $95,000 market salary and $31.5K of personal and one-time expenses; SDE was $548K (2).

Growth levers identified by management (1). Maintenance agreements are offered on about 35% of service calls today, so the offer rate rather than price is the first lever. After-hours emergency plumbing is turned away after 7 pm. Two property managers have asked for quotes on additional buildings for preventive-maintenance contracts. The Company does little paid digital marketing; most leads come from referrals and Google reviews. None of these levers is included in the figures shown.

Transaction. The Seller prefers a sale of substantially all operating assets, free and clear of liens, and is open to a buyer keeping the Ridgeline name and all 24 employees. Mr. Delaney will remain for up to 12 months after closing to transfer commercial relationships, estimating and vendor terms. All inquiries should be directed to AMB Advisory; do not contact the Seller or its employees directly.

Basis of preparation. Financial figures are taken from QuickBooks Online statements for FY2023–FY2025 and are unaudited. Cost of revenue is derived from reported gross margin (page 3). Each adjustment to Reported EBITDA carries a tier code ([N] normalization, [S] owner compensation) and is supported line by line on page 4; no pro forma items are included.

Exhibit 2.1 Quick Stats ($000s unless noted)

Metric	FY2024	FY2025	Basis
Financial			
Revenue	$2,719	$3,041	CAGR 12.4%, FY2023–25

Memo					
Total adjustments, % of Adj. EBITDA	40.3%	40.1%	30.1%		
Owner comp. as paid, % of revenue	7.5%	7.0%	6.6%		

Exhibit 3.2 Revenue and Adj. EBITDA ($000s) FY2023–FY2025 revenue CAGR: 12.4%

Revenue rose $634K over two years, from $2.41M to $3.04M, with growth of 13.0% in FY2024 and 11.9% in FY2025 on the same three-county service area and, per management, without paid digital marketing (3).

Gross margin moved within a 90 bps band, from 61.0% to 61.9%, because cost of revenue grew more slowly than revenue in both years (11.5% and 10.7% against 13.0% and 11.9%).

Reported EBITDA margin rose from 6.5% to 10.4% because other operating expenses grew 7.6% in FY2025 against 11.9% revenue growth. The owner's salary rose $10K a year to $200K and is reset to a $95K market salary on page 4.

Adjustments are 30% of FY2025 Adj. EBITDA, down from 40% in FY2023: Reported EBITDA doubled while total adjustments rose $31K, from $106K to $136.5K.

Source: Company financial statements (QuickBooks Online), FY2023–FY2025; AMB Advisory analysis.
Note: Figures in USD thousands unless noted; totals may not sum due to rounding. Financials are as provided by the Seller and have not been independently audited. Adj. EBITDA and SDE are non-GAAP measures.
(1) Derived from reported gross margin of 61.0%, 61.5% and 61.9%. (2) Excludes owner compensation, shown separately; includes the $31.5K of FY2025 personal and one-time items adjusted on page 4. (3) Per management; not independently verified.

FY2025 Adj. EBITDA of $453K adds back $136.5K, of which $105K resets $200K of owner pay to a $95K market salary

Exhibit 4.1 Adjusted EBITDA reconciliation ($000s)

Total adjustments to Reported EBITDA		106	142	137
% of Adj. EBITDA		40.3%	40.1%	30.1%
Normalization adjustments, % of revenue		0.9%	1.7%	1.0%

Exhibit 4.2 Adjustment support

Ref	Adjustment	Basis	Evidence
[N1]	Owner personal vehicle	Removes the cost of a vehicle used personally by the owner and booked to auto expense; $18K in FY2025.	Auto expense GL detail; management representation (1)
[N2]	Charitable contributions	Removes donations made at the owner's discretion with no customer or marketing link; $7.5K in FY2025.	Contributions GL account; donation receipts
[N3]	One-time legal settlement	Removes a $24K settlement of a single FY2024 matter; no related cost in FY2023 or FY2025.	Settlement agreement; legal invoices (1)
[N4]	Family phones and personal meals	Removes family mobile lines and personal meals booked to telephone and meals expense in FY2025; $6K.	Carrier statements; expense review (1)
[S1]	Owner compensation above market	Restates owner pay of $200K in FY2025 to a $95K market salary for a general manager; $105K.	Payroll register (owner W-2); market salary per management (2)

Owner compensation is the largest adjustment, at $105K in FY2025. Mr. Delaney was paid $200K against a $95K market salary for a general manager (2); the $95K remains a cost in Adj. EBITDA and is added back only in SDE.

Personal and one-time items total $31.5K in FY2025, 1.0% of revenue. The FY2024 figure of $47.0K includes a $24K legal settlement with no counterpart in FY2023 or FY2025.

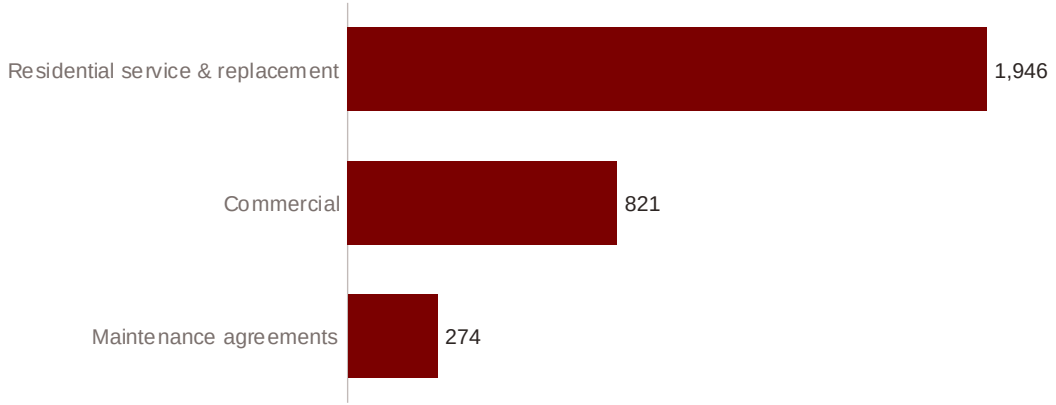

Adjustments fell from 40% of Adj. EBITDA in FY2023 to 30% in FY2025 because Reported EBITDA doubled, from $157K to $316K, while the add-backs rose about $30K.

No pro forma adjustments are included. The figures do not assume any change in pricing, headcount or the maintenance-agreement program after closing.

Source: Company financial statements (QuickBooks Online) and payroll register, FY2023–FY2025; AMB Advisory analysis.
Note: Figures in USD thousands unless noted; totals may not sum due to rounding. Adj. EBITDA and SDE are non-GAAP measures. Financials are as provided by the Seller and have not been independently audited.
(1) Per management; not independently verified. (2) Market salary of $95,000 for a general manager, per management; not independently verified.

No customer exceeds 4% of revenue: residential work is 64% of FY2025 sales and 1,450 maintenance members renew at about 82%

Exhibit 5.1 Revenue by service line, FY2025 ($000s) Total: $3,041

Residential service and replacement generated $1.95M, 64% of FY2025 revenue, from homeowners across Franklin, Delaware and Licking counties. Leads come mainly from referrals and Google reviews (4.8 rating, 900+ reviews) rather than paid marketing (1).

Commercial revenue of $821K (27%) comes from property managers, small office buildings and four restaurant groups. The largest customer, C-001, is about 4% of revenue (1). Two property managers have asked for quotes on additional buildings.

Maintenance agreements produced $274K (9%) from 1,450 members, about $189 per member a year, for two tune-ups, priority scheduling and a 15% repair discount. Renewal is about 82% (1), so roughly 260 members are replaced each year.

Agreements are offered on about 35% of service calls (1), so the program's lever is the offer rate rather than price; technicians already earn a spiff on each agreement sold.

Exhibit 5.2 Customer base and concentration by segment, FY2025 ($000s)

Segment	Who buys	Revenue	% total	Largest customer	Recurring element	Lever identified by management (1)
Residential service and replacement	Homeowners in Franklin, Delaware and Licking counties (about a 35-mile radius from Columbus); plumbing service since 2019	$1,946	64%	Not material (1)	Repeat service calls; agreement offered on about 35% of calls; Carrier Factory Authorized Dealer since 2015	Offer agreements on more calls; add after-hours plumbing (calls turned away after 7 pm); paid digital marketing not used today
Commercial	Property managers, small office buildings and four restaurant groups; relationships held by the owner	$821	27%	About 4% (C-001, property manager) (1)	Service and replacement work; preventive-maintenance contracts on managed buildings	Quotes requested by two property managers for additional buildings; owner introduces accounts during a 12-month transition
Maintenance agreements	1,450 members: two tune-ups a year, priority scheduling and a 15% repair discount, about $189 per member	$274	9%	n.m.	Annual agreements; about 82% renewal (1), so roughly 260 members are replaced each year	Raise the 35% offer rate; technicians already earn a spiff on each sale
Total		**$3,041**	**100%**			

Source: Company financial statements (QuickBooks Online), FY2025; ServiceTitan membership data; management; AMB Advisory analysis.
Note: Revenue by service line applies management's FY2025 mix (64% / 27% / 9%) to reported revenue of $3,040.8K. Customers are coded (C-001) and not named.
(1) Per management; not independently verified.

An operations manager of 11 years runs dispatch for 18 field staff and 20 vehicles; the owner's 45-hour week is estimating, commercial accounts and hiring

Team. Ridgeline employs 24 people: 14 service technicians, 4 install crew, 1 operations manager, 3 customer service and dispatch staff, 1 bookkeeper and the owner. Technicians are paid hourly plus spiff commissions on maintenance agreements sold, and no employees are unionized. Revenue per employee was $127K in FY2025 and revenue per field technician (18) was $169K.

Management. Lisa Tran, operations manager, has been with the Company 11 years and runs dispatch, scheduling and day-to-day operations; she is expected to stay after closing (1). Mark Delaney, the owner, works about 45 hours a week on estimating large replacements, commercial relationships, vendor terms and hiring (1). He will stay up to 12 months after closing and introduce commercial accounts; the $95K cost of a general manager to assume his role is already deducted in Adj. EBITDA (page 4).

Facility and fleet. The Company operates from an 8,000 sq ft shop and office on Maple Avenue in Columbus, leased from an unrelated landlord through 2029 with a five-year renewal option. The fleet of 18 service vans and 2 install trucks is owned and financed with vehicle loans; each vehicle supported about $152K of FY2025 revenue.

Systems and suppliers. Dispatch, invoicing and memberships run on ServiceTitan; accounting runs on QuickBooks Online. Parts come from Ferguson and Johnstone Supply, and Carrier equipment through the local distributor. The Company has been a Carrier Factory Authorized Dealer since 2015.

Reputation and lead flow. Ridgeline holds a 4.8 Google rating from more than 900 reviews (1). Most leads come from referrals and reviews; the Company does little paid digital marketing today.

Exhibit 6.3 Owner responsibilities and transition

Owner responsibility today (1)	Who assumes it after closing	Transition support offered
Estimating large replacements	General manager ($95K salary deducted in Adj. EBITDA; page 4)	Owner available up to 12 months after closing
Commercial relationships	General manager; operations manager already schedules these accounts	Owner introduces commercial accounts, including the four restaurant groups
Vendor terms	General manager; Ferguson, Johnstone Supply and Carrier distributor accounts	Owner introduces supplier contacts during the transition
Hiring	General manager with the operations manager (11 years)	Owner available for hiring decisions; all 24 employees offered continuity

Exhibit 6.1 Organization and tenure (#)

Role	Headcount	Notes
Owner (Mark Delaney)	1	Founder, 2009; retiring; up to 12 months' transition
Operations manager (Lisa Tran)	1	11 years; dispatch and scheduling; expected to stay (1)
Service technicians	14	Hourly plus agreement spiffs; not unionized
Install crew	4	Replacements and new installations
CSRs and dispatch	3	ServiceTitan call board and scheduling
Bookkeeper	1	QuickBooks Online
Total employees	**24**	**18 in the field (75%)**

Exhibit 6.2 Operating assets and systems

Item	Detail
Facility	8,000 sq ft shop and office, Maple Avenue, Columbus; leased through 2029 with a five-year renewal option; landlord unrelated to the owner
Fleet	18 service vans and 2 install trucks; owned, financed with vehicle loans
Systems	ServiceTitan (dispatch, invoicing, memberships); QuickBooks Online (accounting)
Suppliers	Ferguson; Johnstone Supply; Carrier equipment through the local distributor
Certifications	Carrier Factory Authorized Dealer since 2015
Service area	Franklin, Delaware and Licking counties, Ohio; about a 35-mile radius

Source: Management; Company payroll register as of Sep-26; AMB Advisory analysis.
Note: Employees are named only for management; other staff are shown by role. Revenue per employee and per vehicle use FY2025 revenue and current counts.
(1) Per management; not independently verified.

Buyers will test owner dependence, $136.5K of FY2025 add-backs and a 9% recurring share; the record on each is set out below

Exhibit 7.1 Considerations for buyers

Consideration	What the data shows	How it is addressed
Owner involvement	The owner works about 45 hours a week on estimating large replacements, commercial relationships, vendor terms and hiring (1). Commercial customers, 27% of revenue, deal with him directly.	The operations manager (11 years) runs dispatch and scheduling and is expected to stay. The owner offers up to 12 months of transition and will introduce commercial accounts. A $95K general-manager salary is already deducted in Adj. EBITDA (page 4).
Size of adjustments	FY2025 Adj. EBITDA of $453K includes $136.5K of adjustments (30% of the total): $105K of owner pay above market and $31.5K of personal and one-time items.	Every adjustment carries a tier code and a GL reference (page 4). Owner pay is on the payroll register; personal items are identified line by line and total 1.0% of revenue. No pro forma items are included.
Recurring revenue share	Maintenance agreements are 9% of revenue ($274K) from 1,450 members; agreements are offered on about 35% of service calls (1).	Renewal is about 82% (1). Members receive two tune-ups a year, priority scheduling and a 15% repair discount, and technicians earn a spiff on each sale; raising the offer rate is the lever management identifies.
Customer concentration	The largest customer is about 4% of revenue (1). Commercial revenue of $821K comes from property managers, small office buildings and four restaurant groups.	No customer exceeds 4%. Residential work, 64% of revenue, is spread across households in three counties, and 900+ Google reviews (4.8) support lead flow without paid marketing (1).
Fleet and facility	20 vehicles are owned and financed with vehicle loans; the 8,000 sq ft shop is leased through 2029 from a landlord unrelated to the owner.	The Seller prefers an asset sale in which vehicles transfer free and clear of liens, with vehicle loans settled at closing. The lease carries a five-year renewal option to 2034 (1).
Financial reporting	Financials are prepared in QuickBooks Online by an in-house bookkeeper and have not been audited. Cost of revenue on page 3 is derived from reported gross margin.	ServiceTitan holds job, membership and invoicing detail that can be tied to QuickBooks revenue. Federal tax returns (Form 1120-S) and bank statements will be provided for reconciliation.

The two largest items, owner dependence and the $105K owner-pay reset, are addressed by the same facts: an operations manager with 11 years' tenure, a 12-month transition offer and a $95K replacement salary already deducted. AMB Advisory will provide the payroll register, general-ledger detail and ServiceTitan exports supporting each row in the data room.

Source: Management; Company financial statements (QuickBooks Online), FY2023–FY2025; AMB Advisory analysis.
Note: Figures in USD thousands unless noted. Financials are as provided by the Seller and have not been independently audited.
